Shaping the development of the development of the North West Population Health & Prevention Network Population

Health Education England

"...we all have an obligation as citizens of this earth to leave the world
a healthier, cleaner, and better place for our children and future
generations."

~ [Blythe Danner](#)

If we get the North West Population Health & Prevention Network right
it will provide

- Focus
- Acceleration
- Opportunity
- impact

But it needs..... commitment

Workshop 1

Key Aim: Identify key priorities and challenges if the NW PHPN is to be relevant and have an impact

Time: 50 mins

Key Questions

1. What are the 3 highest priorities for the North West Population Health & Prevention Network (NW PHPN) over the next 12 months? *Explain why you have identified particular priorities.*
2. What are the 3 biggest challenges to developing a NW PHPN fit to meet current and future workforce needs? How can these be mitigated?
3. What would success look like for the NW PHPN and what are the indicators of success?

Workshop 2

Health Education England

Key Aim: Identify key priorities and challenges if the NW PHPN is to be relevant and have an impact.

Time: 45 mins

Key Questions

- 1). **Upskilling** - How can the NW PHPN enable the self-care and prevention role of the health and care workforce? How do we educate for prevention?
- 2). **New roles** – how can the profession and/or organisation you represent contribute to developing the self-care and prevention role of the healthcare workforce? Do we need new roles? Where and why?
- 3). **Future Supply** - How do we ensure that we have a future supply of health and care workers that contribute fully to health & wellbeing?
